

MANOJ PENTAPATI

Software Engineer

☎ +91 9550250484 ✉ srimanoj.pentapati@gmail.com 🔗 LinkedIn 🐙 GitHub 🌐 Portfolio

Summary

Software Engineer with a solid foundation in data structures, algorithms, and object-oriented programming. Experienced in building real-world applications using C++ and Java, with hands-on exposure to Git, Docker, and scalable software development practices.

Education

B.Tech in Computer Science and Engineering (Data Science)
Vignan's Foundation for Science, Technology and Research, Vadlamudi

Expected Graduation: 2026
CGPA: 8.0 / 10

Skills

- **Programming Languages:** C++, HTML, CSS, Python (Basics)
- **Core Concepts:** Data Structures and Algorithms, Object-Oriented Programming (Java)
- **Databases & SQL:** MySQL (SQL queries, joins, subqueries), MongoDB
- **Tools:** Docker, Git, GitHub

Projects

Object Tracking GUI | *Python, YOLOv5, SORT, OpenCV, Tkinter*

January 2025 – March 2025

- Built a multi-object tracking system using YOLOv5 and SORT to assign unique IDs across video frames.
- Implemented real-time video processing and tracking with an interactive Tkinter-based GUI.
- Optimized inference and visual overlays for accurate object tracking.

Pizza Sales Analysis Using MySQL | *MySQL, CSV Data Processing*

July 2024 – August 2024

- Analyzed 21,350 orders and 48,620 order-detail records to identify revenue and sales trends.
- Designed a relational database using multiple CSV sources.
- Applied joins, aggregations, subqueries, and date-time functions for reporting.

Achievements

- Earned the **LeetCode 100 Days Badge (2025)** for consistent daily problem solving and DSA practice.
- Achieved the **LeetCode 200 Days Badge (2025)**, demonstrating long-term discipline and strong algorithmic problem-solving skills.
- Secured **99.49 percentile** in **Naukri Campus Young Turks 2025**, India's largest skill-based assessment.

Certifications

- Completed **SQL and Relational Databases 101 (DB0101EN)** by **IBM**, issued via CognitiveClass.ai, covering SQL queries, relational database concepts, and data manipulation (July 2024).
- Earned **Object-Oriented Programming Certificate** from **Take U Forward (TUF)**, demonstrating strong understanding of OOP principles, classes, inheritance, polymorphism, and abstraction (December 2025).
